

WARREN OIL COMPANY, INC.

MATERIAL SAFETY DATA SHEET

Warren Oil Company, Inc.
Hwy 301 North
PO Box 1507
Dunn, NC 28335
800-779-6456

Product: Autoguard Engine Oil Stop Leak

Section 1: Product Identification

Chemical Name: Petroleum Oil with Additive
Synonym(s)/Common Name(s): Engine Oil Stop Leak

Chem Formula: NA Mixture
CAS Number: NA Mixture

DOT Ship Name: Non-Hazardous Material
DOT Haz Class: Non-Hazardous Material
DOT ID Number: N/A

Chemtrec: 1-800-CMA-8200

Hazard Ratings: Health 1 Flammability 1 Reactivity 0

IMCO Ship Name: NA
IMCO Hazard Class: NA
IMCO ID#: NA

Section 2: Hazardous Ingredients

This product is considered a non-hazardous material.

Section 3: Physical Characteristics

pH: No data
Viscosity: No data

Section 4: Fire and Explosion

Autoignition Temperature: Not applicable

Decomposition Products Under Fire Conditions: CO, CO₂, and trace oxides of phosphorus.

“Empty” Container Warning: Comply with accepted industry practices and/or Federal, State and Local regulations.
Check before handling.

Extinguishing Media and Fire Fighting Procedures: CO₂, dry chemical, foam and water fog.

Flash Point (min.): 325 deg F.

Flammable or Explosive Limits (APRX. % by volume in air): Not applicable

Section 5: Reactivity Data

Stability: Stable.

Conditions to Avoid: Strong Oxidizers.

Section 6: Health Hazard Data

Effect of Overexposure (Signs and Symptoms of Exposure): None known. Product is practically non toxic. Lethal Dose: Oral, >5g/kg; Dermal, >3g/kg; Inhalation, Not determined.

Eye Contact: Flush with large volumes of fresh water.

Ingestion: Do not induce vomiting - Seek medical aid. (Oral: > 5g/kg).

Inhalation: Remove to fresh air. Respiratory support if necessary, seek medical aid. (Acute and chronic health limits have not be determined.)

Nature of Hazard: Eyes - Slight to moderate eye irritation -- if contact occurs, flush with water for 15 minutes. Skin - Slightly irritating with possible redness, edema, or drying of the skin -- If skin contact, flush exposed areas with soap and water (Contact physician if redness persists). Ingestion - Contact a physician immediately for medical advice. Inhalation - not determined.

Skin Contact: Wash with soap and water (Dermal: >3g/kg).

Variability Among Individuals: Power Steering Fluid is relatively non-toxic following acute exposure. TLV = 5mg/m³ as oil mist.

Section 7: Precautions for Safe Handling and Use

Safe Handling: When using any oil products always return all used oil to collection center for recycling and/or proper disposal.

*Don't Pollute*Conserve Resources*Return used oil to collection centers*

Precautions for Handling See Section 9

Section 8: Industrial Hygiene Control Measures

Industrial Hygiene Control Measures: See Section 9

Section 9: Special Precautions

Eye Protection: Chemical goggles, or face shield optional.

Other Protective Equipment: None normally required.

Personal Hygiene: Minimize skin contact. Cleanse skin thoroughly after contact before meals, and at the end of work period. Product is readily removed from skin by waterless hand cleaners followed by washing thoroughly with soap and water.

Protective Gloves: Chemical Impervious gloves are recommended.

Respiratory Protection: None required when handling at minimum feasible temperatures.

Spill or Leak Procedures: In case material is released or spilled, avoid contact with eyes. Contain spill if possible. Wipe up or absorb on suitable material and shovel up. Comply with applicable Federal, State or Local regulations.

Ventilation: Local Exhaust: Normal, mechanical (general): Not determined. Special/Other: None required.

Work Practices/Engineering Controls: Wear body covering-clothes to avoid prolonged exposure. Launder soiled

work clothes before reuse. Minimize breathing fumes.
